

The Echo: Vol 3, No. 11

Dec. 1953

### **Parish Paragraphs**

One project that deserves to be fostered in the parish is the study group. At a recent meeting, in the home of Mr. and Mrs. James B. Hamill, Jack Wright gave a masterful treatment of the lives and influence of the great men of the fourth century. It is both surprising and commendable that parents of families can find time to do the research necessary for a paper of this type.
